

Application Fee and Escrow Information

Adopted December 7, 2011

Note: Application processing fee and escrow surety are NOT required for public projects.

1. Permit Application Processing Fee

A flat fee of \$500 in the form of a check is required for each permit application regardless of activity. Application fee must be submitted with the application materials.

2. Escrow Surety

Sureties shall be paid in full prior to issuance of a District permit in the form of a check. The surety will be used to ensure completion of work in accordance with the permit.

Sureties will be used to cover enforcement fees resulting from site violations. After the District has completed a final inspection and determined that the project was constructed in compliance with permit conditions, the unutilized surety will be returned to the applicant. A final inspection should be scheduled with District staff at the end of construction:

Nicole Soderholm, Permit Coordinator
(651) 792-7976
nicole.soderholm@rwmwd.org

Description of Activity	Surety Amount
Erosion and Sediment Control (Rule F)	\$2,000 per acre of disturbance
Stormwater Management & Erosion and Sediment Control (Rule C & Rule F)	\$5,000 per acre of disturbance

The permit processing fee and escrow surety may be combined in one check or submitted separately. All checks should be made payable to the Ramsey-Washington Metro Watershed District (RWMWD).
